Day 1: Auckland/Rotorua

Your tour arrives in the geothermal capital of Rotorua where you will enjoy an introduction to New Zealand farming. Watch a sheep being shorn and hand feed the animals. Take the opportunity to try your hand at milking a cow on stage. After lunch stop off for a visit to the world-renowned 'NZ Maori Arts and Crafts' and 'Geothermal' centre located in what is known as 'Whakarewarewa'. Here you will see the world famous Pohutu Geyser, the largest such geyser in New Zealand. Watch a 45-minute Maori cultural performance displayed in a traditional Maori meetinghouse where you can enjoy the beautiful songs, music and culture of the Maori. Enjoy a panoramic view of Rotorua by travelling by gondola up to the peak of Mt Ngongotaha, and take the quick way down on their world famous luge, if you want, before retiring for the evening to your hotel for dinner.

Day Two: Rotorua/Taupo

After Breakfast you will take another journey through a world of unique thermal formations at Waitapu Thermal Wonderland. View the fascinating 'Champagne Pool' and experience the panorama of vividly colourful hot and cold pools, steaming fumaroles and hot boiling mud pools. We continue through the Waikato region, one of New Zealand's greenest places, and richest agricultural regions. You will pass land with lush grass for raising cattle, thoroughbred horses and vast stands of exotic timber. Today we stay at Lake Taupo, the largest Lake in this country on the way we stop at the Huka Falls - these spectacular falls roar through a 15-m wide chasm before plunging a further 11-m. In the afternoon relax on the beach or just scroll around the lake edges, or soak in a geothermal bath.

Day Three: Taupo/Waitomo/Auckland

After breakfast, enjoy a hot mineral soak with Living Water Hydrotherapy and a choice of a 30 minute Refresher Facial or Escape Massage. After lunch we travel back through the Waikato region to the Waitomo Caves, where you will enjoy a guided tour through this world famous cave formation, finished by drifting silently in a boat through a glow worm cave lit by thousands of tiny glow worms. After which we continue back to Auckland City to finish your tour.
